About

Our current economic and social realities require a dynamic education. Italian Studies provides students with the analytic and creative thinking skills to engage a multimedia world of fraught complexities and exciting opportunities. Students develop advanced fluency in Italian and are exposed to all aspects of Italian culture—literature, visual art, film, music, etc. They gain perspective by studying one of the world's most influential cultures, which is at the crossroads of the world's eastern and western hemispheres.

Required Major Courses (31 credits)

The Italian Studies Program is designed to make students fluent in Italian, to expose them to Italian culture in all its aspects (literature, visual arts, design, history, cinema), to broaden their intellectual horizon, and to introduce them to the professional world. Italian offers a flexible major or minor, which can be easily combined with majors in psychology, communications, humanities, economics, business, nursing, law and politics.

Program Notes:

- Students may transfer 2 courses (6 cr) taken abroad toward the major.
- Students have the option of taking two courses taught in English - a maximum of 2 classes with the subject ITA and attribute TENG.
 - 1 may be offered in another department if student presents rationale (scheduling conflicts, special interest, etc.); approval of director required prior to registration.
