CHM 4447: Computational Chemistry

Focus on basic theories behind popular computational models (e.g., molecular mechanics, density functional theory) and their application to chemical problems.
Credits: 3
Prerequisites:
CHM 3412
CHM 3416
CHM 3417
PHY 5100
CHM 3412 and CHM 3416 and CHM 3417 or PHY 5100
Program: Chemistry
