

LAW 6034: Catholic Social Teaching and t

This class on Catholic Social Thought and the Law addresses the ways the Catholic Church responded to social, economic and political events throughout the world by addressing such concepts as solidarity, the common good, a just wage, human rights, private property, a free economy, subsidiarity, the preferential option for the poor and the dignity of human work. United States law, European Community law, regional and international law will be addressed in light of the issues raised by Catholic Social Thought where relevant.
